–without Oxygen	Modified
–with Oxygen	Easy Issue
Epilepsy (Seizure Disorder)	
–No Occurrence in the past ten (10) years	Super Preferred
–No Occurrence in the past five (5) years	Preferred
–No Occurrence in the past two (2) years	Standard
–Occurrence within the past two years	Modified
Fibromyalgia	
– One medication	Super Preferred
– Two or more medications	Preferred
Glaucoma	
–One medication	Ultimate Preferred/Super Preferred
–Two or more medications	Preferred
–Occurrence due to complications of Diabetes	Easy Issue
Graves Disease (Hyperthyroidism)	Modified
Heart Condition	
<i>Examples: Coronary Artery Disease, Cardiac Arrest, Congestive Heart Failure, Congenital Heart Disease</i>	
–Treated in the last two years	Modified
–Lung Condition present	Easy Issue
Hepatitis A & B	
–Not treated in last two years	Standard
–Treated in last two years	Easy Issue

Health Condition Chart

Hepatitis C	
-Not treated in last two years	Standard
-Treated in last two years	Easy Issue
Hernia	Case by Case*Refer to Underwriting
High Blood Pressure	
-One Medication	Super Preferred
-Two or more medications	Preferred
-Uncontrolled High Blood Pressure or complications from such	Easy Issue
HIV(AIDS)	Guaranteed Issue
Hodgkin's Disease (Lymphoma)	
-Current or within 2 years of treatment/remission	Easy Issue
-Cancer free but still prescribed/taking preventative/maintenance drugs	Easy Issue
-Cancer free 2 or more years without being prescribed/taking preventative/maintenance drugs	Standard
Home Health Care	Easy Issue
Hospice Care	Guaranteed Issue
Hospitalization	
-Currently Admitted	Guaranteed Issue
-Two or more times within the past 6 months	Easy Issue
-Less than two or more times within the past 6 months	Standard
-Less than two or more times within the past 3 years	Preferred
-Less than two or more times within the past 5 years	Super Preferred
-Child Birth	Super Preferred
Hydrocephalic (child)	Easy Issue
Hydronephrosis	Easy Issue
Incarcerated	Guaranteed Issue
Implanted Defibrillator	
-Within the past two years or Dr. visit every 6 months	Easy Issue
-More than 2 years; Dr. visit once a year	Modified
Kidney Disorder/Disease	
<i>Examples: Antiphospholipid Syndrome, Hepatic Glomerulopathy, Lupus Nephritis</i>	
- without Peritoneal Dialysis, Hemodialysis, or Transplant	Modified
- with Peritoneal Dialysis, Hemodialysis, or Transplant	Easy Issue
Legally Blind	Easy Issue
Leukemia	
-Current or within 2 years of treatment/Remission	Easy Issue
-Cancer free but still prescribed/taking preventative/maintenance drugs	Easy Issue
-Cancer free 2 or more years without being prescribed/taking preventative/maintenance drugs	Standard
Liver Disease	Easy Issue
Lock Jaw	Standard
Lung Disease	Modified
-On Oxygen	Easy Issue
-Heart Condition present	Easy Issue

Health Condition Chart

Lupus	
–Systemic (in the organs)	Modified
–Discoid (in the skin)	Standard
